MCL 29.19 Compliance

A minimum of 5 fire drills is required for each school year for a school that operates any of grades kindergarten to 12. Three of the fire drills shall be held by December 1 of the school year, and 2 shall be held during the remaining part of the school year, with a reasonable spacing interval between each drill. MCL 29.19(3)

A minimum of 2 tornado safety drills is required for each school year at the schools facilities. At least 1 of the tornado safety drills shall be conducted during March of the school year. These drills shall be conducted for the purpose of preventing injuries cause by severe weather. MCL 29.19(4)

A minimum of 3 drills in which the occupants are restricted to the interior of the building and the building secured is required for each school year. At least 1 of these drills shall be conducted by December 1 of the school year, and at least 1 shall be conducted after January 1 of the school year, with reasonable spacing interval between each drill. A drill conducted under this subsection shall include security measures that are appropriate to an emergency such as the release of hazardous materials or the presence of a potentially dangerous individual on or near the premises. The governing body of a school shall seek input from the Administration of the school and local public safety officials on the nature of the drills to be conducted under this subsection.
